IRAN'S ... ECONOMIC ATTRACTIVE

- Geographical location can facilitate favorable international relations.
- Iran is a strategic corridor connecting North-South and East-West trade routes, serving as a vital highway for transporting goods to East Asia, Africa, and South America.
- Iran has abundant natural resources, including diverse agriculture and oil and mineral reserves.
- Affordable expert Human-Resources
- Access to affordable resources and skilled workforces enable competitive pricing compared to foreign products.
- The investment capacity of 27.3 trillion dollars in Iran's up-stream industries and mines considering the value of Iran's natural resources
- The investment capacity of 600 billion dollars in Iran's oil, gas, refining and petrochemical industries.
- Leverage 5800 km of coastline and 190k sq. km of sea for business opportunities.
- The country's natural and historical attractions have the potential to attract 20 million tourists annually.

IRANEXPO EXHIBITION

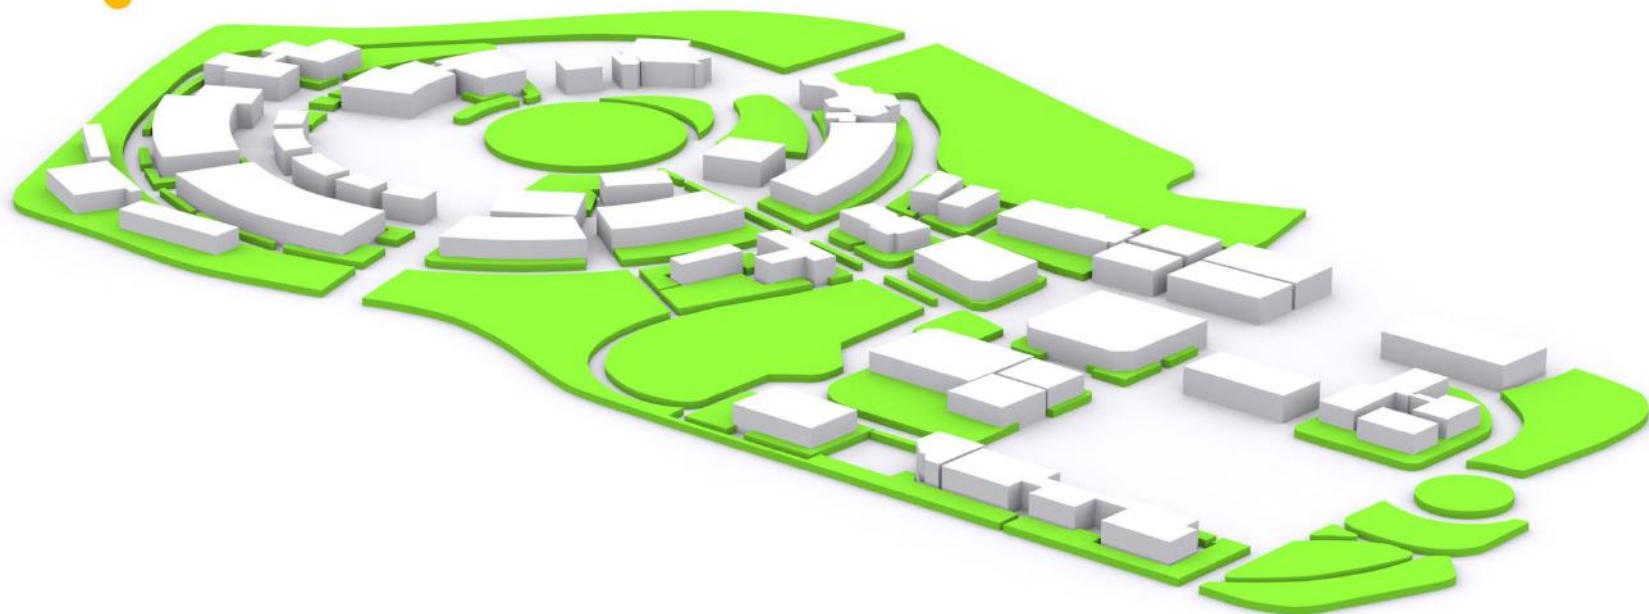

IRAN EXPO was established in the spring of 2013 as a platform for Iranian exports. This exhibition is held annually by IRAN EXPO headquarters, in cooperation with the Ministry of Industry and Mine and Trade, and the Ministry of Foreign Affairs. The exhibition is widely recognized as Iran's largest and most comprehensive international business event, boasting the largest scale, the most complete variety of exhibits, and the highest number of buyer attendees. It is rightly hailed as Iran's No.1 exposition.

IRAN EXPORT offers a unique opportunity for foreign businesspeople and merchants to view the latest Iranian products.

Iran Expo was founded to promote Iran's exports and has acted as an essential platform for international trade cooperation over the past decade, overcoming various challenges while providing foreign buyers with its services. It has been successfully held for the last 5 periods, and has established trade relations with more than 70 countries around the world. The Fair has promoted trade and friendly connections between Iran and the world.

Please note that the 6th period of the fair is held on April 27 to May 1, 2024. In this chapter, the focus is on 6 product groups manufactured by Iranian companies.

This fair is focused on 6 distinct product groups:

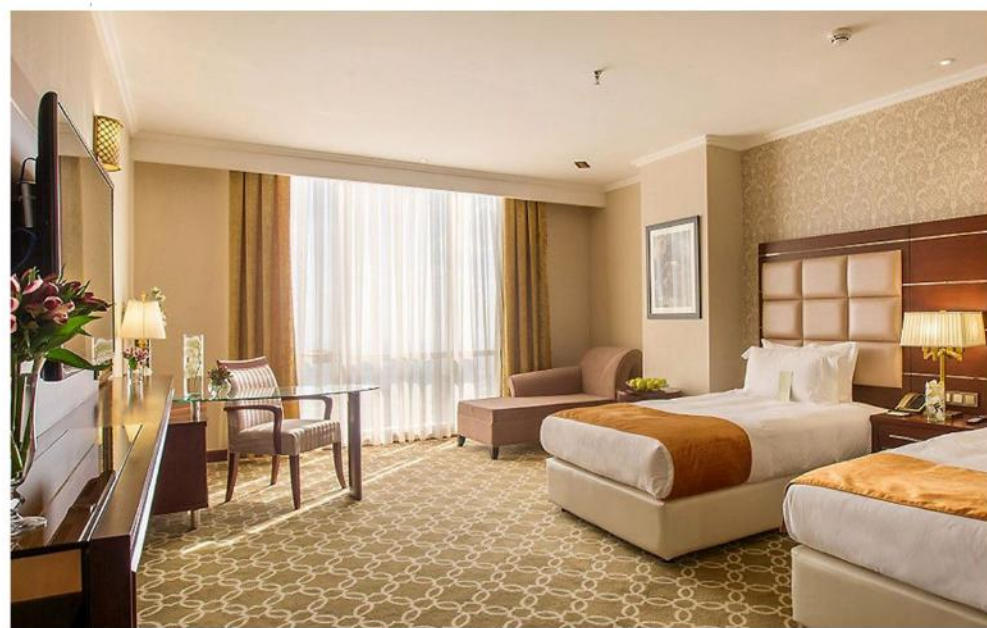

- Food Industry, Agriculture and Fisheries
- Manufacturing Industry
- Handmade Carpets, Handicrafts and Tourism
- Medicine, Medical and Laboratory Equipment, Chemical Products
- Building Industry, Technical and Engineering Services
- Petrochemical Industry

This exhibition aims to promote trade by offering quality products and understanding global market needs.
